NUM. 1050

TUESDAY, NOVEMBER 14 1738.

9th 1058.

Yesterday arrived a Mail from Holland.

Belgrade, Off. 18. O. S.

THE Sickness in these Parts abates every Day, and the Bill of Mortality decreases considerably, which is ascribed to a very strong Sudorifick that has been prescribed to the Patients. The Imperial Army decamp'd from Panczova two Days ago for the Theilse, in order to march into Winter Quarters. The Detachment sent to be sent to Tenthraer will be 2000 Men; the Garrison of Belgrade will consist of 22 Battalions; and the Forts of Sabatich and Ratscha, are also to be considerably reinforced.

Vienna, Off. 28. O. S. It appears by the Plan of Winter Quarters, that the Imperialists that are Winter in Hungary, will consist of above 30,000 Men.

Lisbon, Off. 6. O. S. Two Days ago the Fleet from All Saints Bay arrived safe in the Tagus, with very considerable Cargo, consisting particularly of 200 Chests of Sugar, 11,000 Reels of Tobacco, 10 Octaves of Diamonds, and about 8 Millions of Cruisadoes, register'd for private Persons, besides that accrues to the King. This is the Fleet that sailed from hence three Years ago.

Paris, Nov. 8. We have no Particulars from Corsica; only 'tis said, that the Baron de Neuhoft arrived at Baya, in the Kingdom of Naples, with a Ship of 42 Guns, which we are assured is the same which carried him to Corsica. They write from Ajaccio, that a Fort of Colonel, who was with 22 Officers or Passengers, aboard the four Sicilian Frigates taken by the King's Frigate, being left there, were got up the Hills in a very poor light; but the Letters assure us, that Theodore and distributed in several Places above 3000 Muskets, and a great Quantity of Swords, Powder and Ball, without having demanded any Price. He also furnished the Islanders with Salt and Iron, which they accepted with Pleasure, their Lands having lain fallow for want of Tools to cultivate it.

According to Letters from Rome of the 19th ult. the Electoral Prince of Saxony was expected there on the 29th insto, in his Way to France.

SCOTLAND.

Edinburgh, Nov. 6. On Thursday died here Mr. John Bell, Merchant, and late one of the Bailties of this City.

On Sunday Morning, about 3 Minutes after One, we had a most terrible Flash of Lightning, which for above a Minute illuminated the Hemisphere as at Noon-day; and was followed by one continued hideous Clap of Thunder for near two Minutes.

Last Week his Grace the Duke of Gordon arrived here from the North.

We learn from Perth, that last Week some young Men, resolving at any rate to rid themselves of a quarling Cur, who officiously paid his Compliments to them in their Night Rambles, thought at last of compassing their End thus: One of them steps, while it was late at Night, into the House of which poor Fiddle was Guardian, with one End of a Rope (noosed) in his Hand, to put about the Beast's Neck; but by the most extravagant Mistake ever heard of, he claps it over the Head of a poor old Woman who was then feeding the Dog in his Kennel: Then running to the Door, gives the Signal to his Accomplices who held the other End of the Rope; they pulling hard, drag'd poor Granny out into the Streets on all Fours, where they left her Speechless, and almost dead. The Dog run after them and tore some of their Cloaths; yet they got off. Strict Search is making after them; and it is said a certain Graduate acted the Hero of this Farce.

Southampton, Nov. 6. Saturday the 4th Inst. being the Anniversary of the Birth-day of the late Glorious King WILLIAM the Third, and also the Day on which he arrived on the Coast of this Kingdom, in the ever-memorable Year 1688, to save us from those Dangers which were then ready to overwhelm us, a very considerable Number of Gentlemen in this Town, who are truly sensible of the inestimable Blessings they enjoy by the late happy Revolution, met in the Club-Room at the Vine Tavern, where an elegant Supper was provided, the House handsomely illuminated, and a large Bonfire before the Door; with other suitable Preparations to commemorate that Restorer of Liberty, that Terror of Popery, that Guardian of our Country, destin'd by Providence to rescue Mankind from Oppression, and to preserve these Nations from the rapacious Jaws of Tyranny and Arbitrary Power: The Evening begun with drinking to the Glorious and Immortal Memory of that Mighty Deliverer; the King, Prince, Princess, and all the Royal Family, the Glorious First of August, the Protestant Succession in the illustrious House of HANOVER in *Secula Seculorum*, together with a great Number of other Loyal Healths; as also our Member, Thomas Lee Dummer, Esq; Scot and Lot, and no Out-Burgesses; to which were added, the Gentlemen of the Protestant Club at Northampton. While these several Healths passed cheerfully round the Table, the Company was saluted with Eleven Salvo's of Cannon provided for that Purpose, which were answered by as many more from the Cranbury, commanded by Captain Guillaume, then lying in the River. This whole Rejoicing was conducted with an extraordinary Unanimity, and an unspeakable Pleasure appeared in the Countenance of every one of the Company, who spent this Grand Festival in the warmest Expressions of Gratitude for this great Deliverance, and the Happiness they now enjoy under his Majesty and the present Government.

Colchester, Nov. 10. This Week the Wife of one Halla, a Butcher in Maldon-Lane, was delivered of a Child with six Toes upon each Foot, five Fingers and a Thumb upon each Hand, having no Nose, and had six Teeth in its Head; but it is since dead.

On Saturday last a Smuggler was brought from Harwich to the Post Office here, where he was kept under a Guard of Dragoons till the next Morning, and then convey'd to Chelmsford Gaol.

They write from Durham, that last Sunday se'n-night being the Anniversary of the Gunpowder Plot, the same was observed with the usual Solemnities, and the Evening concluded with Bonfires, Ringing of Bells, and other Demonstrations of Joy.

The same Day the Corporation of Worcester, in their Formalities, repaired to the Cathedral, where the Rev. Mr. Phillips laid open that black Scene in an excellent Manner, from Psalm xlv. 1.

It was also observed at Norwich with Ringing of Bells, and the other usual Demonstrations of Joy; and a suitable Sermon was preached at the Cathedral before the Court, by the Rev. Mr. Cremer.

On Thursday last Dr. Thomas Gooch, Bishop of that Diocese, was inthron'd in the said Cathedral by Proxy. The Procession was very regular, and the Spectators very numerous and splendid, there being the greatest Appearance of Gentry at Church that ever was remember'd on such an Occasion. In the Evening the Gateway under the Bishop's Office was illuminated with Candles, and the Cathedral Bells rung all Day.

ANTI-SYPHILICON.

THE only short and most infallible
Cure in the Universe for the VENEREAL Disease, from the slightest Infection to the most extreme and dangerous Degree of it, even when the Blood and Juices are so roughly contaminated with its malignant Virus, and the very Bones are affected with it.

Fresh Infections, call'd CHLAMS, with all their attending Symptoms, tho' ever so severe, are entirely carried off in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Virus on one Hand, or a venereal Gleet or Weakness to lay on the other.

And the most inveterate Degree of the French Disease attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are overcome by it, and effectually and much more safely cured than by Salivation, Inunction, or any other Method whatever, and in so easy and pleasant a Manner, without pairing Strength, or occasioning any Inconvenience, as to bespeak it the only apposite Remedy or true Venereal Antidote in the World; and this some Thousands have tried their great Joy experience'd.

It is pleasant to take, occasions no Sickness or Distemper nor requires Confinement; but may be taken, and the Cure be accomplish'd, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury, may by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie in the Body, but wholly extirpates it Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remainingicks of former Injuries, may by a few Doses of it entirely free themselves from all Suspicion of that Kind, for it admits no Foulness, Corruption, or Putrefaction whatever, it remains in the Fluids, or to adhere to the Solids; and on Account, in all scorbutick, scrophulous, and even leprous Eruptions or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one Degree than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is Six Shillings a Pot, which, considering its extraordinary efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. RAYNES Toyshop, at the Rose and Crown against St. Clements Church-Yard in the Strand, ready sealed up with a Book of Instructions, by the Perusal of which, all Persons who are ever affected with any Degree of the Venereal Disease, may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Security.

These are to Certify whom it may concern,

THAT the Two Medicines for external Use, which have been sold with so much success for the Good of Mankind above Thirty Years last past, be the Cure of

All Sorts of RUPTURES, BURSTEN, or BROKEN BELLIES.

are removed from the Minors, where they have been sold the Author, so long, and are now sold only at Mr. SANDWELL Toyshop, the Sign of the Griffin, the Corner of Bowdler-Bury in the Poultry, at 5 s. the Parcel, with printed Directions given with them.

These two Remedies need no other Recommendation, as themselves will manifest in two or three Days using, having their admirable and even astonishing Success, gained the Reputation they so justly deserve, both in City and Country after wearing Trusses for many Years to no Purpose.

For by the Blessing of God, they make a perfect Cure either on Old or Young, in a very little Time, and for a small Charge, without any Pain to, or Confinement of the Patient one Parcel is generally sufficient for a complete Cure, especially on a young Person.

Many Hundreds of all Ages and Sexes have been cured them, which occasioned this Publication, for the Good of the Publick, that all such unhappy People may be delivered from the Charge and Slavery of always wearing Trusses.

The World might have had many Certificates of Cured Persons of all Ages, from Children of a few Months old, grown Persons of 60 Years or upwards; but that they are naturally averse to let it be known, that they ever had such an Infirmity: Yet Mr. SANDWELL can satisfy any inquirer of the Validity of what is here said, tho' he has had such large Knowledge, by reason of the short Time he has sold 'em, as they from whom the Medicines are now, good Reasons, removed.

No Letters received except Post paid.

LONDON, Printed for T. COOPER, at the Globe in Pater-noster-Row.
